Hi Everyone,

Here are some little ideas to keep the music going in your house during lock down.

- Get everyone in your house to name their favourite piece of music
- Listen to each piece in turn.....
- After you have listened give each of your family members a score out of 10 for **their** choice...
- Count up the scores, and whoever's song wins the rest have to get up and dance to it!

- Write the words of your favourite song out and decorate by drawing the instruments you hear in the song.

- How about writing your own song about how you are feeling and what you are doing in lockdown.

- Research different pieces of music and pick pieces that would be good for :
 - A summer Carnival
 - A sporting event
 - A Firework display.

Have Fun!
