

Life Skills Activities – Week Eight

Maths Activity

Carry out surveys with your family members or friends on the phone, face time Zoom etc.

- Write down each person's shoe size
- Find out who has the largest and who has the smallest shoe size in your extended family or friendship group
- What is the most common shoe size?
- Who has the same shoe size as you in your family/friendship group?

(This can be repeated for birth months, favourite foods etc.)

Literacy activity

Choose a story in the news about people in a different country.

- Read, listen and discuss with parents what the story is about.
- Find out where this country is in the world map.
- Find out a least three more things about this country

(story can be repeated for Britain, Europe and throughout the world)

Safety at home:

- Show and discuss what fire hazards there are in your home
- Walk around your house and show you know where the fire alarms are located. Test them every Monday.
- Explain and discuss with your parents/carers what you would do if there was a fire.
- Create an escape plan for your home with your family.
