

## CV Activity

### Personal Profile

This term is a great time to reflect on our achievements. Recording these achievements allows others to appreciate our individual strengths and talents (which we all have 😊). Sometimes it is easier to write them down, type them or ask someone to help you with this job.

Have a think about your proudest moments in school and at home and record them on the activity page... Maybe it will be; a trip, a sporting event, a swimming goal achieved or something which was very special or brave.

I hope you are very proud of yourself!
